To whom it may concern,

I am providing this letter as a character reference for C.Forget Renovating. I first met Chris in June 2012 when he was on site at the Penetanguishene Memorial Community Centre. He was bidding on an RFP for exterior and painting work. I was impressed with his positive attitude and work ethic even at this stage. Chris was the successful contractor. It is my pleasure to write this letter to assist him in obtaining future work.

During the length of the 2013 project, Chris was excellent at organizing the work crew and he performed all tasks in an exceptional manner. Chris required little supervision and he had a clear knowledge of the responsibilities under the Occupational Health and Safety Act. Chris was the leader, cooperative, proactive and dependable. The Town was very satisfied with the final product. Chris even returned a few weeks ago to check on the work.

Again I feel quite honoured to prepare this character reference. I wish Chris all the best with all his pursuits. It's likely your experience with Chris will be as productive as the Town received. Dear Chris and Team,

Tom and I would really like to thank you for the excellent job you did on our raise and renovation.

It was not the easiest raise to be sure, but the guys had no qualms about crawling under there and doing what needed doing. We appreciated your attention to detail and constant care you took to make sure things were done to code.

Our neighbours still can't get over how quickly the work was completed and how lovely the results are.

It was a pleasure to work with people who were easy to communicate with and who understood our overall vision, while being kind to our pocket book. We're glad we took your advice on a number of cost saving measures and were able to achieve other things on our list that would not have been possible otherwise.

In truth I'm pretty sure it was because of the cookies I fed the guys, but still, they were great fun to work with. Please thank them all on our behalf.

Do not hesitate to refer future clients to us for a reference.

Best Regards,

Cathryn McGregor

To Whom It May Concern:

Sometime ago we had an addition put on the cottage. A room 20 ft by 30 ft, and two stories (1200 sq.ft). Unfortunately the addition began to sink, cracking the tile floors and causing the drywall to “tear”.

We were referred to Chris Forget, an expert in house raising. Chris was prompt in answering our call for assistance. He completed his assessment of the problem and developed a very detailed plan to remedy this major concern. We found Chris to be reliable and self directed. If he and his employees were aware of a contributing problem they would address it immediately in a most effective manner thus strengthening the support system.

In summation, I found Chris to be very professional and one who demonstrated excellent time management skills. He shared wise counsel and clear guidance with us. Moreover, he completed our project on time and on budget.

It would appear that he has solved our problem and he may well be one who can also provide for your needs... large or small!

Sincerely,

### C. Forget Renovating - Home and Office

This summer I had renovation completed in my home by C. Forget Renovating. I was impressed when they contacted me immediately and broke down my quote for each job including materials and pricing.

They quickly set up a contract, they were reliable and then completed the work within a week. They frequently consulted with me or called me when issues came up. The work they completed included new ceilings, painted my halls, kitchen, dining room and living room, they replaced old casing and trim on doors and closets and installed crown molding.

The crew worked efficiently, they were friendly and approachable and they cleaned up daily. Friends and family who have seen the work are impressed with the quality of their work therefore I would recommend C. Forget Renovating if you are considering home renovations.

Dear Chris & Crew:

Can't thank you enough for all the hard work you've put into our house, not only recently but over the past 3 years.

Your work is always done in a timely manner which was especially appreciated when we had a baby on the way! We needed that third bedroom by a certain date and you guys easily made that happen for us, so thank you!

When we needed some outdoor fencing work done, Shane was easy to work with and did an excellent job. We are still getting comments from our neighbors on how sharp it looks and what a great job he did.

Finally, we love our new custom deck you just built for us! I appreciate that you listened to my ideas and even when I changed my mind, you were able to accommodate that.

You can count on us calling you again in the future for more help with our renovations and upgrades.

Thanks again!

RE: Recommendation for Chris Forget Renovations

To Whom It May Concern,

This is a personal recommendation for Mr. Forget and verification of his expert skills and abilities. Mr. Forget is trustworthy, diligent and professional. We hired him to raise our cottage and he completed the job within the specified time, took ownership of the project, and communicated any issues in a timely manner. He worked with us and tried to understand our needs and requirements for the project. He offered us various options along the way and we were able to come up with best possible solution for us.

As out of towners we were happy to have a company we can trust to do a good job. His prices are reasonable and we would recommend his company to anyone.

He completed the project in time and the cottage looks great and feels safe and sturdy. This is what we wanted and this is what we got.

If I can provide any further details or information please feel free to contact me.

Thank you,  
Peter Merkle

Dear Chris,

I wanted to take the opportunity to thank you and your crew for the great job they did raising my house and installing the new windows and doors.

Throughout the process the guys in your crew were very accommodating, professional, and showed great skill at meeting my needs and requests. They always took the time to ask me how I would like the end result to look, and would often make recommendations on how to improve my project; they are true craftsmen.

Many times throughout the lift people passing by marvelled at seeing such a large house raised so high like we had it. Also to this day, I receive many positive comments from neighbours about how my house is looking after all the work we have done. The lift has brought extra value both esthetically and monetarily to my home.

Please feel free to pass my number on to potential clients of yours. If anyone would like to talk me about my dealings with you and your company, they can feel free to contact me.

Thanks again,

Bryan Poirier

## REFERENCE LETTER FORGET RENOVATIONS/CONSTRUCTION

**APRIL 16, 2011**

FORGET RENOVATIONS are a very professional and knowledgeable company. Chris Forget has been doing renovations for my husband and I for a few years. They have finished our basement, removed a wall and re designed a room. The largest project was a 700 square foot bedroom with master en suite over our garage. Chris and his crew were always on time and very courteous and respectful of the shift work our job entails. Chris even dealt with the building permits and the township for us.

We are extremely pleased with our beautiful addition. It is always a pleasure to do business with Chris and our dogs love him. I have recommended Forget Renovations to several co workers at the Central North Correctional Centre. Our friends and family say that our new room looks like it is out of a magazine, and is stunning. We have a few projects left to do and look forward to having Chris and his crew return.

Sincerely,

Tammy and Bill Carson of Paradise Point, ON

Chris and the crew at C. Forget Renovating have done an excellent job repairing and remodelling my bathroom. After having my home hit with the force of nature Chris promptly came out to my home, quoted the job fairly and treated me kindly. His crew is very professional; from company shirts to the polite way they held conversations with me. Each crewmember exemplified quality craftsmanship in their specific trades. I really appreciated Shane's design ideas and patience in my decision-making as well as Wayne's extreme attention to detail. The remodel was a lovely success, and was completed within budget. I would recommend C. Forget Contracting to anyone looking to renovate or remodel his or her home. I do look forward to using their service again in the future.

To whom it may concern,

RE: C. Forget Renovating  
Home Renovation Works

I would like to acknowledge the hard work and dedication that Chris & his team brought forward to complete the renovation works in our home. Chris & his staff took a worn out room and created two new bedrooms and a bathroom for our blended family – now there is truly enough room for everyone and it feels like home.

From the initial visit to the completion of the works, Chris was professional and listened to what we were expecting. We were satisfied with the works as completed. When a question or a request for additional work was asked, the work and budget were considered and acknowledged.

Chris has shown that he can manage his staff and workload to ensure his projects are completed in a timely & efficient manner.

Respectively,

Dawn Lacroix
